

A PETITION TO THE HOUSE OF COMMONS:

**A CALL UPON THE HOUSE OF COMMONS TO ESTABLISH
COMPREHENSIVE NATIONAL STANDARDS FOR THE ARMoured
CAR and SECURE LOGISTICS INDUSTRY**

We, the undersigned citizens of Canada, draw the attention of the House of Commons to the following:

Whereas, the current patchwork of regulations covering employee training, equipment requirements and crew sizes in Canada’s armoured car and secure logistics industry is inadequate;

Whereas, the lack of standardized training in use force, firearms and safety measures creates incentives for firms to cut costs in these areas by using smaller crews and unarmed crews, leaving workers more susceptible to armed robbery and gun crime, which compromises the safety of both workers and the public;

Therefore, your petitioners call upon the House of Commons to implement a national, comprehensive regulatory framework that creates minimum standards for safety equipment, vehicle specifications, employee training and crew sizes in the armoured car and secure logistics industry.
